In the old town of Pavia we propose apartment subject to a recent conservative renovation. The value of this apartment is immediately visible: high ceilings, exposed beams to recall the coffered style of Pavia, original floors in Venetian seeding. In some places, a refurbishment by craftsmen of the highest skill and expertise has been carried out. The door panes are original.

You have a nice atrium at the entrance, custom-furnished kitchen, a laundry room with shower stall and window. Two rooms, one with en-suite bathrooms. Living room with fireplace. The apartment is really key in hand, there is nothing to do except bring your own things.
